**JOHN KAHLER RECEIVES SEVERE KNIFE WOUND**

John Kahler, a prominent farmer of the vicinity of Triplett, was brought to Brunswick Tuesday afternoon, suffering from an ugly knife wound in the left side of the neck. He was taken to the office of Dr. J. L. Fetzer, where it was found that the knife had missed the jugular vein by a narrow margin. A number of stitches were necessary to

close the wound which was about four inches long. Dr. Fetzer said if the cut had been the thickness of a newspaper deeper it would have cut the jugular vein, and undoubtedly would have been fatal.

The wound was inflicted by Arthur McQueen, who also lives in the vicinity of Triplett. The cutting took place at the Kahler Bros. farm, where a threshing machine owned by several of the farmers of the neighborhood was in operation, threshing timothy seed. An argument is said to have taken place between a number of the men present, in regard to the threshing, and at the wind-up of the argument Kahler was slashed by McQueen.

While quite serious, the wound is not dangerous, and Mr. Kahler's condition is very satisfactory.

McQueen was arrested yesterday on a charge of felonious assault with intent to kill, and his preliminary hearing will be held before Justice J. L. Kendrick in Brunswick, Aug. 17. —Brunswick.

**W. H. SEARS, MISSIONARY IN CHINA IS DEAD**

Rev. William H. Sears, 57 years old, who had served as a missionary in China for nearly 33 years, is dead. This information was contained in a cablegram reaching relatives here Wednesday. The announcement of his death was not wholly unexpected as a letter, written about two months ago by his daughter, Mrs. Mary Conley to her aunt, Mrs. M. W. Rafter of this city, and which reached here only a short time ago, stated that Rev. Sears was suffering from sclerosis and was seriously ill at the time the letter was written.

The missionary was a son of Rev. P. M. Sears of Prairie Hill, one of the oldest Baptist ministers in the state and widely known. Besides the father there survive him four brothers and three sisters, namely, Jasper Sears of Aledo, Texas; Sam Sears of Greenwood, Mo.; James Sears of Jasper, Mo., and C. L. Sears of Prairie Hill. The sisters are Mrs. Martin Wright, Mrs. Flora Vince and Mrs. Ada Houston, all of Prairie Hill.

A son, George Sears, who resides in China, and who visited relatives here last year, and a daughter, Mrs. Mary Conley also of China, and engaged in missionary work also survive. His first wife, who was a sister of Mrs. M. W. Rafter of this city died in China about 14 years ago. —Salisbury Press-Spectator.

**THE FOUR HORSEMEN OF THE HARDING ADMINISTRATION**

No more apt phrase was ever applied to the Harding administration than that by Samuel Key Pittman (Dem., Nev.), in an interview in the Santa Fe New Mexican, when he said: "The Four Horsemen of the Harding administration: Poverty, Distress, Disorder, Violence."

The achievements of the Harding administration as seen by Senator Pittman were epitomized as follows: "Foreign relations left in chaotic condition. "Our foreign commerce — there is none. "Millionaires' taxes reduced poor people pay. "The H. C. L. still is a terror. "Transportation charges increased. "Outrageous discriminations. "Perpetuation of long and short haul outrage. "Destruction of all State control over interstate commerce. "Producer and consumer are starving together. "Harding, Mellon, and Wall Street keep the soldier from bonus. "The Four Horsemen of the Harding administration are: "Poverty, "Distress, "Disorder, "Violence."

Senator Robertson (Dem., Ark.), who like the Nevada Senator always talks straight to the point, thought so well of Senator Pittman's interview that he had it placed in the Congressional Record.

**Discounting the "Discount" in Advance**

You don't have to be a shrewd bargainer to get the bottom price on the new Goodyear Cross-Rib Tread Cord. Instead of listing it at a high price, to enable the dealer to attract you with a so-called "long discount," we list it as low as we profitably can. You can see from the figures below that its advertised price is lower than the net price you are asked to pay for many "long discount" tires of unknown value.

We believe the average man would rather buy tires on this frank and open basis, and assure himself a product of recognized worth. The new Goodyear Cross-Rib Tread Cord is made of high-grade long-staple cotton, and it embodies the patented Goodyear method of group-ply construction. In design, materials and manufacture it is a representative Goodyear product, built to safeguard the world-wide Goodyear reputation. It has a different tread from the famous All-Weather Tread Cord—a new tread with a deep, clean-cut, cog-like pattern—and it sells for from 20% to 25% less.

Compare these prices with NET prices you are asked to pay for "long discount" tires

**NEWCOMERS LEASE TWO BIG COURTS FOR \$110,000**

Two 10-year leases, with a total value of \$110,000, were signed Monday, July 10, through the efforts of George J. Moran and Co., 710 Loew's State Bldg., realty brokers specializing in hotel, apartments and court property. The leases were made between A. Mathison, the owner of the courts, and Mrs. Mary Gaston and her daughter, Miss Hoyt Gaston.

Mrs. Gaston and her daughter have only been in Hollywood but a few days having come here from St. Louis. They were so attracted by the community that they decided to invest and remain here. The two courts, which they have now on lease, are located at 1010 to 1028 North Serrano avenue, and are considered by many to be the most beautiful court properties in Hollywood. One court is patterned after the Spanish style of architecture, while the other follows the Italian lines of construction. There are four rooms to each of the 19 units in the leased property. The lot on which they are located is approximately 200 feet square. The lessee intends to rent the court units furnished and is now completely furnishing them throughout.
